DHHS Suspends Implementation of Managed Care

The Department of Health and Human Services has suspended the implementation of managed care and open enrollment. Managed care WILL NOT go live on February 1, 2020 after all. The General Assembly adjourned without providing necessary spending and program authority for the transition to managed care to move forward.

NC Medicaid’s current fee-for-service model will continue as is. Medicaid beneficiaries will continue to receive services as currently provided. Beneficiaries may call the Medicaid contact center at 888-245-0179 for more information.

The Medicaid Managed Care Call Center 833-870-5500 will remain open through the scheduled open enrollment period to answer questions but will no longer enroll beneficiaries.

### What is a Center for Independent Living?

The term "center for independent living" are consumer-controlled, community-based, cross-disability, nonresidential, private, nonprofit agency that is designed and operated within a local community by individuals with all types of disabilities with the goal of maintaining civil rights options, controlling choices and the freedom to participate fully in our communities.

Centers provide an array of independent living services, such as: Advocacy, Employment Network, Home Care, Peer Support, Information & Referral, Independent Living Skills Training, Nursing Home Transition, Youth Transition into Adulthood, Person First Day Program through Innovations Waiver, and CyberPals.

DisAbility Partners is such a place. We provide these services to the seven (7) western most counties in North Carolina including: Cherokee, Clay, Graham, Swain, Jackson, Macon, and Haywood.

Contact us today at **828-631-1167** to find out how we can help you reach your goals, **whatever they may be!**

### CyberPals — What’s it all about?

Our CyberPals Program places affordable, donated and refurbished computers in homes of people with disabilities. These computers are refurbished by a Microsoft Certified Refurbisher. They are sold at the low cost of $65. For those who cannot afford the $65, we offer the option to volunteer at a local community-based organization for 10 hours. This gives the recipient of the computer the opportunity to give back to the community. We offer a 60-day warranty for those who take our **Essential Computer Skills (ESC)** class.

**For more information call:** Chuck, Eddie, or Cindi at 828-631-1167.

**NOTE:** DisAbility Partners has a computer lab *(with internet access)* available for consumers to use during our regular business hours: Monday—Friday, 8:30 AM to 5:00 PM.

**Duke Energy—Medical Alert Program**

A medical alert may be assigned to a customer’s account if a member of the customer’s household is:

- Chronically or seriously ill
- Handicapped
- On a life-support system

Duke Power has in place sensitive handling of Medical Alert customers. It means that an indicator will be placed on the customer’s account and meter. This doesn’t mean that power will remain on that is subject to disconnection for nonpayment or that you will be the first to have power restored in a power outage. Duke Power encourages customers with medical needs to make preparations in advance for extended outages.

For more information about this service, please call Duke Power at: **800-943-6914.**

PLEASE NOTE: Customers of other power providers are encouraged to contact YOUR provider to ask if they provide these types of services.
In light of our recent experience with inclement weather, here are some tips on personal, home, vehicle, and pet safety.

Contact DisAbility Partners for local shelters or help with “your” personalized emergency plan.

Be Prepared! Follow These Winter Safety Tips

- Keep alternative heating sources ready to use. Keep fire extinguishers on hand and be sure your family knows how to use them.
- Use a National Oceanic and Atmospheric Administration weather radio. Monitor it for changing weather conditions.
- Dress warmly. Wear multiple layers of thin clothing instead of a single layer of thick clothing to stay warm. Wear hats, gloves, scarves and heavy coats.
- Properly vent kerosene heaters and keep ANY electric generators OUTSIDE and away from any open windows or doors to prevent carbon monoxide poisoning. DO NOT burn charcoal or gas grills indoors or your garage.
- Keep fresh batteries on hand to use with flashlights and weather radios.
- Always keep at least a three-day supply of non-perishable food in your home and a manual can opener.

Do you have enough of the following items to last a few days, should the roads become unsafe for travel or the veterinary office is closed.

- pet food
- litter
- fresh water supply
- soft warm bedding
- any medications your pet takes on a regular basis
